***If you are interested in helping start a club in your school, or you would like to become part of the Good News Club team in your school please contact Cheryl Worden.***

All Good News Club teachers attend a New Teacher Training class to introduce the program, teaching methods and materials. Each teacher involved in the GNC has a background check run for CEF records, and must sign a doctrinal agreement form of basic Biblical doctrinal beliefs. There are quarterly Lesson Series Workshops held throughout the school year for GNC teacher encouragement and growth as well as fellowship with other teachers. We are a special group of persons whom the Lord uses to evangelize and disciple boys and girls.
